NOTE FROM THE EDITOR

All Members of the Club were distressed to hear of Peter Gibbs's sudden illness, and equally relieved and delighted to learn of his complete recovery. We offer him all our sympathy and our affectionate regard.

For the next Newsletter in the autumn, may I ask all contributors, Secretaries of Clubs and Societies, and those who have personal news of interest, to send this to the School not later than August 14, 1983!

OLD BOYS' TIES

Having received a special offer of striped, pure silk, Old Boys' ties, we are able to offer them at the special price of £4, post paid. (The normal price is £8.50). Cheques should be made payable to Charles Thomas, and sent to him at 7 Ridgeway, Epsom, Surrey. We regret we do not have any crested ties.

ANNUAL GENERAL MEETING OLD KING'S CLUB

The Annual General Meeting of the Old King's Club took place in the Great Hall at 11.30 a.m. on Saturday, 11th December 1982.

The President welcomed all present and conducted the business of the Meeting as follows:–

1. **Apologies for absence:** J.L.I. Palmer.

2. **Minutes of the last Annual General Meeting** held on 12th December 1981 and which were printed on page 16 of Newsletter No.60 (Spring 1982) were taken as read, and adopted. There were no matters arising.

3. **The Hon. Secretary's Report.** First of all he thanked the Head Master and staff of the School for their ready assistance, interest and hospitality, and also the Head Master of the Junior School for the use of the Frank Hole Library for Old King's Club Committee Meetings. He also thanked Peter Gerhold and the two Chairmen of the Sub-Committees for their work and the steady reliability of Miss Mollie Green in the office.

The present membership now exceeds 4,000 and each Spring and Autumn approximately 2,300 Newsletters are sent to those who subscribe to them. There have been six Committee Meetings during the year at which all aspects of the Club activities are discussed. Computerisation of records was being investigated.

The principal events, apart from the Newsletter issues, are the School's Commemoration Day, when the O.K. Club Cricket, Tennis and Swimming teams have matches v. the School. Assisting with the School Leavers' Career Advisory Service, which was arranged by John Hopper and School Staff, questionnaires had been sent out with the last issue of the Newsletter. These asked for corrections to records, news and volunteers for the Career Advisory Service. To date some 200 replies have been received including approximately 90 to assist careers. The Old Boys' Dinner was well organised and successful, about 125 attending including members who had been in the Falkland Island action.

In addition to the full season of the Rifle Club under Presidency of Jack Hedditch and Captaincy of Jeffrey Burr, there had taken place also one special events of the 75th Anniversary of the Rugby Club, with its five playing teams, under the Presidency of Tommy Tucker.

He also thanked Mr. Peter Gibbs, who had retired as Editor of the Newsletter and Frank Miles for taking this on.

Also reported at Committee Meetings are events in connection with the Benevolent Fund, "Friends of K.C.S.", and the Association of Representatives of Old Pupils Societies.

4. **The Hon. Treasurer's Report.** Guy Brew presented the accounts for the year ending 31st August 1982 and gave an explanation of the increase in payments over receipts, such as the cost of secretarial charges, moneys received for annual subscriptions, magazine and newsletter costs, and items in stock.

Roy Wilton asked if the cost of hospitality before the meeting could be met by contributions but was informed that it was borne by the School.

The Motion that the accounts be adopted was proposed by Ted Lewis and seconded by Dr. Woods. All agreed.

5. **Election of Officers for 1983.** The proposals that the Head Master be re-elected as President, Alan Wells as Hon. Secretary and Guy Brew as Hon. Treasurer, was made by the Chairman Nick Topping and seconded by Ted Lewis. All agreed.

The President then proposed the following:–

A. Trustees of the Invested Funds – seconded by Mr. Curry – Charles Thomas, Roger Mathews and Mark Smith. Thanks were expressed to Derek Harding and D.L. Armitt for their past services.

B. Committee. There are four members retiring by rotation – David Smedley, N. Topping, E.A. Stokes and R.B. Armitage, of whom Messrs. Topping, Stokes and Armitage offered them-

selves for re-election. David Smedley did not do so, with his new commitments following his successful election to the Council of Kingston-upon-Thames. In addition Tommy Tucker had resigned in view of his other commitments to the Rugby Club.

Henry Moss had offered to be elected. His proposal was seconded by Charles Thomas, and with the above three re-elections, seconded by John Hamilton. All agreed.

6. **Election of Hon. Auditors.** Len Barkey proposed that Mike Barron and Nick Hiller be re-elected for 1983, and this was seconded by Peter Gerhold. All agreed.

7. **Report of the Management Board of the Benevolent Fund.** Richard Diacon reported that there had been three applications for assistance with fees and £550 had been paid. The Board of Management had met once during the year. The President moved that the Report be adopted and this was seconded by Ted Lewis. All agreed.

8. **Election of the Trustees of the Benevolent Fund.** The President proposed that the Trustees, John Curry, Richard Diacon, John Hamilton and Caven Taylor be re-elected for 1983. This was seconded by N. Topping and all agreed.

9. Following last year's election of **Honorary Members** and the decision to offer such membership to members of the Common Room with over five years' service in the School, the President proposed the following for Hon. Membership, in addition to all elected or re-elected in 1981:

Miss Jennifer Buckhorn	G.E. Bennett
Miss Heather McKissack	Bob Hiller
Graham Knight	Alan W. Thomas
Rev. Robin Stevens	

and also Miss Louise Jackson, recommended by the President of the Rifle Club and seconded by Peter Gerhold. All agreed.

Graeme Cranch proposed that **Honorary Life Membership** should be offered to Mr. A.A. Baden-Fuller, who was a Senior Officer of the Court, responsible for advice to the Governing Body and for his great interest in the School's activities. Dr. Woods expressed pleasure in seconding this proposal, which was carried with thanks.

10. **Consideration of Rule 19.** Graeme Cranch, as Chairman of the Finance Sub-Committee proposed the following resolution (which had been previously submitted in writing):

"That the second paragraph of Rule 19 (a) should be deleted and the following substituted:

'The subscription rates for Life and Annual Membership shall be determined by the Committee and confirmed at the Annual General Meeting to take effect the following academic year. Instalment payments for Life Membership for boys at the School shall be approved by the Head Master. For old members the Life subscription shall be collected either in one payment or by instalments agreed by the Honorary Secretary.' "

The proposal was seconded by Charles Thomas. All agreed. Graeme Cranch expressed hope that this would be beneficial from 1983 onwards, will give greater flexibility and assist with difficulties over inflation.

11. **Any other business.** Mr. Johnson expressed regret at the infrequency of gatherings for Old Boys.

The Meeting concluded at 12.15 p.m. with the President's thanks to those attending, and after mentioning that a "Gaudy" was being planned to take place in June for Old Boys who had attended School during the 1920s and before, and trusted this would receive approval.

CHAIRMAN'S NOTES

Dear Old Boys

The Club held a very successful Falklands Dinner at School on the 28th October last year when the Chairman was Sir Victor Goodhew, and our principal guest was Captain Philip Roberts of the ill-fated ship Sir Galahad. On this occasion we were also able to honour as our guest Lt. Cmdr Paul Engeham who served with distinction and great bravery in the Falklands campaign.

We are sorry to lose from our Committee, Thomas Tucker and David Smedley who did not stand for re-election. Thomas, who is President of the Rugger Club, felt that he should devote more time towards the 75th Anniversary programme of the Club which will end with a Ball at the Richmond Hill Hotel on the 7th May 1983. Details of this and other special events are mentioned later in this newsletter.

David Smedley, as some of you know, has been elected as a Tory Councillor for the London Borough of Kingston upon Thames and we wish him great success and hope that other old boys will

follow his example both in National and Local Government as this is one way of assuring the future of the School.

Henry Moss was elected as a new Committee member whom many of you know as he has attended most of the Old Boys' Dinners and social events over many years.

We elected, at our last Committee Meeting, Bob Montgomery who has been associated with the music side of the Friends of KCS for some years and also co-opted for 1983 Zachary Waters, the son of Philip Waters who left the School some years ago; and Fergus Gerrand so that they can give us the views of the younger Old Boys and happily reduce the average age of the Committee substantially.

On behalf of the Club, I know you would like to extend greetings to Duggie on his 80th birthday, and we did suggest holding a celebratory dinner in his honour which he graciously declined.

The School chapel, which is nearly completed, will be dedicated on the 12th May. I hope that some old boys will be invited to represent the Club. The Club is making a gift of money towards the furnishing of the chapel.

The Headmaster will be giving a "Gaudy" for everyone who left School in the 1920's or earlier and we should be glad if as many as possible will attend thereby ensuring the future success of these events.

Another new social event is being organised this year by Peter Gerhold, which will take the form of a West Country lunch dinner for those who live in that area and will be held in the locality of Axminster, Devon, when the Headmaster will be the principal guest. Old boys who wish to attend should please write to Peter Gerhold at the School.

Those old boys who were not present at the Dinner will be sorry to hear of the death of George Smart last October and this newsletter contains a moving tribute by Duggie to his late colleague.

As I mentioned in my last notes, the Centenary of the Club is due to be celebrated this year and we are hoping to arrange a very special Dinner in November and we are proposing to seat between 200 and 250 Old Boys. The speakers will be the Principal of King's College and the Principal of King's College Hospital, as well as our Headmaster, Robin Reeve. We hope there will be an excellent attendance and we shall be giving further details of the Dinner in our September issue.

For those who have lost touch with the School for many years, why not come to the next Commemoration day on 11th June and you will be able to see the very great improvements which have taken place in recent years. If you would like to help the School, both financially and in a supportive role, you can do so by making a gift, preferably in the form of a covenant, towards the development programme and also by becoming a member of the Friends of K C S at an annual subscription of £3.

We look forward to welcoming you on Commemoration Day in the Old Boys' Tearoom which many of you will remember as the Senior School Dining Hall and is now used as the School's Tuck Shop.

Finally, the Secretary and Club Committee would like to thank all Old Boys for providing personal news and information, and who have volunteered to assist the School's Careers Service.

Kind regards

PRESIDENT'S NOTES

This newsletter is an innovation. The Head Master has traditionally given an account of the year's event in his speech at the Annual Dinner, a summary of which has been included in the Spring Newsletter. I feel that an annual letter may prove another useful way of keeping Old Boys in touch with developments at the School.

As 1983 opened the builders moved onto the site next to the Lodge to begin work on the new Sports Hall. We hope to have the building in use by the early months of 1984, after years when indoor games and P.E. have been confined, apart from use of the 'hardplay area', to the gymnasium which was opened in 1928. The present gym was the second in the School's Wimbledon history and its building owed much to some enterprising fund raising by Lional Rogers. It cost £3,500. Our new building will cost around £700,000 without equipment! It will provide a floor area of 17m x [illegible]m with facilities for fencing, badminton (four courts), basketball, indoor cricket nets, volleyball and indoor hockey, a specialised weight training room, a viewing gallery and extensive changing accommodation, a range which fully reflects the astonishing expansion of physical education over the past fifty years.

Another major event of the year will be the dedication of the Chapel by the Bishop of Southwark on Ascension Day, May 12th. Shortly after my arrival here I became struck by the way in which the Chaplain's work was handicapped by the absence of a chapel at King's. The omission can, no doubt, be explained historically by the the School's straitened circumstances after the

move to Wimbledon. In the Strand daily Chapel had been a feature of school life. However what is now planned will not, of course, provide anything like this! The Chapel in South Hayes will be for regular voluntary worship and private prayer, as well as providing the Chaplain with an opportunity for occasionally teaching through action and a proper context for instructing confirmation candidates. We are most grateful for gifts which have come in from members of the OKC and particularly for the generous gift of £250 from the Club itself. We have so far (February) raised over £2,000 from well wishers and I should like to take this opportunity of thanking them.

Most of this newsletter has been concerned with looking ahead. Looking ahead is very much a headmaster's job! Of course is starts from what we have been in the past, and are in the present. In this way I see the OKC as very much involved in the School's future. We really do welcome the interest and support of Old Boys of all generations and I hope this newsletter will be one way of communicating with you. You will find notice elsewhere in this newsletter of the first of a series of 'Gaudies' (an Oxford import to describe a reunion of contemporaries) by which we hope to entertain at the School Old Boys of succeeding generations. It is very much our wish to keep Old King's men in touch with the School and to help the Club in maintaining links between contemporaries. This year's Gaudy is on Friday, June 3rd when we hope to welcome to the School Old Boys who left King's in the 1920s or earlier.

My very best wishes to you all,

OLD KING'S CLUB DINNER 1982

The Falklands Dinner

In the wake of the successful Falklands Campaign, in which several Old Boys participated, your Social Sub-Committee conceived the idea of honouring our returned heroes at the Old King's Club Dinner, which was held at School on Friday, 29th October 1982. One hundred and twenty six OK's sat down to an excellent dinner provided once again by the Moveable Feast of Horsham and with Hein Wines supplying a choice of fine French wines. The Chair was taken by Sir Victor Goodhew MP, OK, and the Distinguished Guests included Capt. P.J.G. Roberts DSO, RFA, OK, Lt. Comdr. P.R. Engeham RN, OK, Mr. J.D. Higgins OK, The Head Master (Mr. Robin Reeve), Mr. Cavan Taylor OK (Chairman of the Board of Governors), and Mr. N.R. Topping OK, (Chairman of the Old King's Club).

Nick Topping introduced the evening in his inimitable style and welcomed a record number of young 'Old Boys', many of them attending their first Old Boys Dinner. He referred to our guests Tony Loveband and Frank Miles, and thanked them for their contribution to the School over the last 45 years. He then struck a note of sadness when he mentioned that the funeral of George Smart had taken place that very morning. A much-loved eccentric George had taught Classics to many Old Boys over the years. Nick also paid tribute to Alan Dearden (until recently an Assistant Secretary of the Club) and J.R. Diver (a former Headmaster of J.S.) who had died during 1982. Finally, he welcomed Sir Victor Goodhew as Chairman of the Dinner.

Sir Victor then spoke with the accustomed ease of a member of Mr. Speaker's Panel of Chairmen in the House of Commons, and built up a politician's picture of our defence forces in faraway places and included a visit to the Falklands themselves. He emphasised the importance to NATO of the successful outcome of the Falklands Campaign and also to our own standing in the world. He expressed our grateful thanks to all those who took part in the Campaign, and he finished by proposing a Toast to The Falklands, coupled with the names of Capt. Roberts and Lt. Comdr. Engeham.

Capt. Philip Roberts, as Guest of Honour, replied to the Toast in simple yet measured tones and gave us a first-hand account of hardship and suspense which led up to the bombing of the landing ship SIR GALAHAD which he commanded (and was last to leave) at Bluff Cove, where so many Welsh Guards lost their lives in the tragedy. He was awarded the DSO for his services in the Campaign. He covered the logistic difficulties which had to be overcome before they reached the South Atlantic, and he spoke with pride of the young men (average age: 21/22) who took part in the Task Force. Philip Roberts gave us a detailed account of their various actions up to and including Bluff Cove, and referred to many places and events which are household names to most of us by now. After a brief reference to his recent visit to 10 Downing Street to attend a Falklands Dinner given by the Prime Minister, he closed by proposing a Toast to the School, coupled with the name of the Head Master.

Rising to reply, the Head Master thanked the Social Sub-Committee for continuing their trail of successful Dinners and reminded us – if we needed reminding – of the Moveable Feast who yet again "serve our stomachs and are easy on the eye"! He went on to welcome our Falklands heroes and made

a passing reference to our own bomb incident at Gothic Lodge and Frank Miles' lucky escape. Then, with a directness for which he is noted, he waded into the political scene with a sideswipe at ILEA's political spokesman ("this new Machiavelli") and defended King's and the education it gives. He spoke with pride of the 26 Oxbridge successes last year, and also of the boy, Paul Ballister, who represented this country in the Mathematical Olympiad in Budapest. He went on to survey the School's sporting activities and cultural achievements, which apparently included the Wappenschaw Dinner to mark Jeffery Burr's retirement as Captain of Shooting (of the Old Boys – not the School!). After advising us that the first "Gaudy" will be held in June 1983 to increase contact between the School and its Old Boys, the Head Master proposed the Toast to the Old King's Club, coupled with the name of John Higgins.

John Higgins, replying to the Toast, left us in no doubt that the injunction in the Speakers' Crib Sheet ("John Higgins will entertain us") was well-founded. After taking us through a little-known military coup whilst in the JTC under the command of Maj. Basil Carew-Hunt, he explained his early days in Grub Street with the FT before blossoming out in the turbulent Times, which he joined in 1970. As befits the Executive Editor of the Times, his speech was as splattered with anecdotes and name-droppings as a London statue, and his stylish and competent delivery confirmed him as the professional wordsmith that he is. He attributed his success to the late Eric Whelpton, with his raffish undertones of Bohemian attics in Kensington and Chelsea, and to Frank Miles who spurred him on in his appreciation of English literature. Although John had never looked upon himself as a Rigoletto, a Butlin's Redcoat, or someone who hadn't quite made the cast of "Hi-De-Hi" on British television, his amusing yet erudite speech neatly rounded off an evening of speeches dedicated to the Falklands Campaign.

C.H.T.

THE BENEVOLENT FUND

"MONEY DOES NOT GROW ON TREES."

Nearly ten years ago, in a pamphlet accompanying the Newsletter, those words headed an appeal to all Old Boys to contribute to the Benevolent Fund. What we did not know then was that, even if money did mature arboreally, the economic chills of the next few years would mean it would not be easy to harvest.

Yet, slowly, the Fund has grown, even though since those early days there has been no "fund-raising drive". But neither the Club's Committee nor the Fund's Board of Management has been entirely happy about its resources: there has been the ever-present danger that capital rather than income might have to be used in response to appeals which could not be ignored.

Luckily, that has not happened. The Board has had three applications for help and has made grants totalling £1,100 – about a year's income. But dependence on luck is not the best way of running any institution concerned with money – and particularly not one intended to mitigate the effects of ill-luck! A series of irresistible appeals could lead either to the depletion of resources or to the Board being unable to assist some of those who deserved its help. In either case, such action would discredit the Fund and would certainly incur the disapproval of Old Boys.

The Fund exists to assist, first, Old Boys and their families in case of need, and, secondarily, boys already at the School, with emphasis on providing education at King's. Regrettably, we have lagged behind most other Old Boys Clubs in this respect, but, at last, we have started to make up lost ground.

This is possibly a cause which come individuals would not place high on their lists without prompting, and they would more willingly give towards buildings and facilities where the benefits are more obvious. This Fund, however, is intended to improve the quality of life for a few and to reduce emotional and mental strain. Those few will be immeasurably helped.

The Board of Management has decided that an appeal must be made to all Old Boys to remove, once and for all, the element of insecurity which has haunted the Fund for so long. No special appeal has been made since our first approach ten years ago, and it is not intended that there should be a full-scale "drive" now. The Board hopes that such moderation will be rewarded by a deluge of cheques. Lump sum contributions are preferred as they reduce costs and administration, but Deeds of Covenant (which may now be for four years or more) are highly acceptable.

Please be as generous as you can – and then add a little more! But no donation is too small, certainly none is too large – all will be gratefully received and it will help if you use the pro-forma at the back of this Newsletter.

OFFICERS OF THE FUND

Trustees:– J.A.H. Curry (Hon. Treasurer), R.F. Diacon, J.D.E. Hamilton, C. Taylor.

Board of Management:– the Trustees, the Headmaster, R. Lowndes, L.D. Peters.

Hon. Secretary:– D.V. Smedley.

Hon. Auditor:– A.J. Hopper.

Any instance where help from the Fund would seem to be necessary can be reported quite informally to an officer of the Fund or to a Committee member of the Club.

THE THREAT TO K.C.S.

If it wins the General Election the Labour Party is pledged to close K.C.S. and all other independent schools in Britain. Schools like ours have become pawns in the political game, and the freedom of parents to choose a school for their children has come into jeopardy.

The Headmaster has already spelled this out in all its gory detail in a Commemoration Day speech to parents, and the threat has been consistently driven home by speakers at A.R.O.P.S., the union of Old Pupils' Associations, of which we are members, by speakers like Mark Carlisle, former Education Minister; David Jewell, Headmaster of Repton; and Dorothy Dakin, past chairman of the Girls' Schools Association.

If the Labour Party comes to power our schools will first be hit financially, and freedom of choice for both parents and staff be diminished. Later, all payment of fees for education would be prohibited by law. This would mean the end of even the best endowed schools.

Don't think it may never happen, or that Labour does not mean what is says. This is a policy on which it is determined and the threat is real. Of the political parties, only the Conservatives have come out unequivocally in support of independent schools, and that is why I.S.I.S. (The Independent Schools Information Service) is in the process of forming "action groups" who will tackle all opposition candidates before the Election, and force them to make their position clear.

You to whom this letter is addressed have had the enormous benefit of a K.C.S. education, and owe a great debt to the School, and to your parents' freedom of choice. You can start to repay the debt and to preserve these things for others (possibly your own children), first of all by joining I.S.I.S., 26, Caxton Street, London SW1. Then you can get from them details of your nearest "action group", especially if you live in or near a marginal constituency; you will not have to do anything until the Election, when you will be asked to nail the candidates on their attitude to freedom in education.

Opinion surveys show that 70% of the population support the survival of the independent schools, regardless of political affiliations, but it is the minority who make all the noise and who may be in a position to enforce the opposite view. We must make sure that the voice of the majority is heard equally clearly. We cannot stand by and see our schools destroyed. We must stand up and be counted – now!

KING'S COLLEGE SCHOOL LODGE No. 4257

Secretary: Evan Roberts, 30 Gladstone Road, Deal, Kent CT14 7ET. Tel: Deal (03045) 62102

At the September meeting held at the Masonic Hall, Surbiton, L.G. Brew (1975) was advanced in the Order. At the same meeting Lieut. Richard Ashdown R.N. (1973) was initiated by the Master, H.M.G. King (1959).

In December the Master and Secretary were the official guests at Grand Master's Lodge No.1, continuing the association which has existed since 1921.

In January 1983 the Master, with the assistance of the officers of the Lodge, completed the steps for Allan Irvine (1972).

J.C. Hounsfield, Assistant Provincial Grand Master of Surrey has indicated he will attend the Installation Meeting at the School on Friday 6th May. Any old boys who are members of the Craft who would like to attend this meeting should get in touch with the Secretary.

The Secretary would be happy to meet any old boys who are interested in becoming members of the Lodge. Details are available from him.

K.C.S.O.B. CRICKET

Secretary: Marcel Fenez, 6 Westpoint, 49 Putney Hill, SW15 6RU. Tel: 01-789 5920

Gentlemen. I have pleasure in announcing that the following fixtures have been arranged for next season:–

Date	Opponents	Venue
Sunday 5th June	v BBC	at Motspur Park
TBA	v The Staff	at School
Saturday 11th June (Commemoration Day)	v The School (1st and 2nd XI's)	at School
Sunday 25th September (12.45 start)	v Teddington C.C.	at Bushey Park

In addition to these games I understand that Andrew Long will again be running his cricket week for "KCS Commoners" in the week after the

end of term. I would appreciate if anyone is interested in playing in any of the above fixtures to please give me a ring nearer to the date. Similarly I should be pleased to hear from any Old Boy who would be willing to organise and run a fixture against his local club.

The final fixture of the 1982 season against Teddington resulted in a 59 run victory for the Old Boys. The scoreboard read:

KCSOB 191-5 Dec. (Belchamber 84 N.O.)

Teddington 132 (Fleming 5-15).

Let us hope the summer is successful for the Cricket Club ie: lets pray for good weather and a steady supply of Youngs !!

HOCKEY

Old Boys Hockey has for a number of years lacked any clear direction but as a result of the efforts and enthusiasm of a number of people in the recent past a number of changes have taken place which can only be for the good of the hockey section. We must be particularly indebted to Bruce Garrett, Giles Fallowfield and others who have taken on positions of match management. However the main problem, since Bruce's departure for Singapore, has been the lack of a Secretary to co-ordinate fixtures and match managers – this problem has now been overcome. John Ashworth has kindly agreed to take on this post, and as a recent leaver who is expecting to commence at London University in September he has all the necessary qualifications for doing an excellent job – not least of which is his youth! It is my hope that John will be assisted by all those who wish to see our fixture list not only maintained but strengthened. Giles Fallowfield will act as an assistant secretary with particular responsibility for Rugby Club Liaison; I will also act as an assistant secretary with "information" being my term of reference. **Please contact John if you would be willing to act as a match manager for one of our forthcoming fixtures.** We should be able to supply a list of eager members to all match managers.

In terms of the future it is hoped that we may be able to place a greater degree of emphasis upon Summer Hockey, and that we might even be able to find ourselves a home ground for some of these games. However there will continue to be a number of Sunday games during the Autumn and Spring.

Two games were played just after Christmas. The first of these was against St. Georges Old Boys. Despite the fact that we fielded a side which contained an excellent blend of youth with experience we were nevertheless defeated by a very strong side which contained 2 Blues and 2 Hawks 1st XI players. We were narrowly defeated by 3 goals to nil. The following Sunday a remarkably similar side thrashed Hawks 4-0 with Tim Nicolle and Jonathan Casale very much amongst the goals but neither of them willing to stand the expenditure of a jug as a result of scoring a hat-trick. On balance the future is clearly encouraging and this first newsletter should not end without acknowledging the support Gordon McGinn (i/c school hockey) has given us, and I trust will continue to give us.

LAWN TENNIS NOTES

This is the quiet season of the year, when keen players brave the biting winds and drifting [illegible]v; when the less keen sit by the fire and dream of summer's sun and smooth green lawns; and when this secretary wonders if any kind soul will step forward to take on the mantle he has worn these last twnety-three summers and winters ...?

DADDY PRICE RULER: for the winner overall– David Walters.
THE MAGPIE CUP: Mike Twitchen.
THE WOODEN SPOON: Henry Moss.
LADIES COMPETITION: Louise Jackson.
THE TALBOT TROPHY: David Walters – (for second year running).
THE HAWK CUP: David Cross.

The prizes were presented in the evening by our president – Jack Hedditch. We were honoured to have the Headmaster, Robin Reeve, join us at The Mitre Hotel for this occasion. Other honoured guests included Mr. and Mrs. Frank Shaw, Bruce Hughes, Mr. and Mrs. Alan Wells, Mr. and Mrs. Charles Thomas. It was a successful and most enjoyable evening.

The final meetings were on the 25th October and on the 4th December a 'Winter Shoot' was held, a cold day warmed by one of Jeffery Burr's hot spiced wine! which appeared to encourage the

sales of his book "Winter Warm – Summer Cool" – a marvellous collection of punches and cups.

Applications for membership have been steady and include David Watson, Michael Clarke and John Naylor's son, Patrick.

The 1983 Season will start on Saturday 2nd April with an inter-club competition in the morning followed by our A.G.M. One of the main items on our agenda will be a vote for a new Captain as Jeffery Burr is standing down. The remaining fixtures are approximately every two weeks, actual dates to be confirmed. For further information with regard to these fixtures and to membership of the Rifle Club please write to:

RUGBY FOOTBALL CLUB

In its seventy fifth anniversary season, the Club has so far been relatively successful. Results up to Christmas were as follows:–

	P	W	D	L	For	Against
1st XV	15	13	–	2	300	112
2nd XV	12	4	–	8	129	189
3rd XV	9	6	–	3	80	73
Wreckers	7	4	–	3	98	37
Veterans	11	10	–	1	302	45

It is very pleasing to be able to report that in this seventy-fifth anniversary year the 1st XV maintains its strong reputation. After a tremendously exciting quarter finals match against Sutton [illegible]Epsom. In the Surrey Cup competition, which the team won by 10 points to 6, we are now in the semi-finals of the competition and eagerly awaiting the match against Old Tiffinians. In the competition, we have beaten Chobham, Kingston, Warlington and Sutton and Epsom. In addition to success in the Surrey Cup competition, matches have been arranged to mark the 75th anniversary against Surrey Clubs XV followed by an entertaining game against Combined London Old Boys which the side lost by 32 points to 23. We still have a special fixture against Bob Hiller's XV on 27th March to look forward to and competing to attract spectators on the same day will be a Veterans match against a "Golden Oldies" team.

Competition at Saturday fixtures has been heightened by the introduction of the Truman London Merit Table League – we are in the South Thames Division and compete with Emanuel, Guildfordians, Reedonians, Reigatians, Surbitonians, Tiffinians, Walcountians, Wandsworthians and Wimbledonians. Somewhat surprisingly, after beating Walcountians in the Surrey Cup fixture, we lost to them in the Merit Table match; otherwise, our performance in the league in this initial year of its existence has been creditable with a good win recently against Surbitonians. The matches against Reedonians and Reigatians have still to be played and the Cup competition match against Tiffinians will constitute a Merit Table league fixture as well.

The 1st XV is therefore having a very busy season and it is fortunate that so far the weather has been mild. Such good fortune has not extended to the 2nd XV this season, who have recently experienced a run of defeats. It is to be hoped that the side will improve in the coming weeks and not allow itself to stand in the 1st XV's shadow. The 3rd XV and the Wreckers continue to provide players with an enjoyable afternoon's rugby – both sides are supported enthusiastically and this is an encouraging sign for the Club's future. The Veterans continue in their match-winning ways and many of their members are responsible for much of the "behind the scenes" work which has ensured the success of this anniversary season.

Mention must be made also of all those who have helped in organising substantial internal improvements to the Clubhouse; and to those who have contributed to the renovation fund. A generous loan has recently been made to the Club by the Old Kings Club for this purpose and we have also received much welcome financial support from many past players. I would like to take the opportunity of this newsletter to thank all concerned for their help and support – I think everyone will agree that the facilities the Club can now offer are a considerable improvement over what was there before.

The annual dinner was held on 9th December, 1982 and everyone who attended enjoyed themselves. We were entertained after the meal by some amusing speakers, including Bob Hiller, and proceedings were brought to a close with the presentation to Duggie Dalziel of a remarkably lifelike caricature of himself. The May Ball is to be held on 6th May, 1983.

The season has so far been one of the most entertaining and successful for the Club and we all hope that support for the Club and its activities will continue to assure this success in the future.

O.K.'s IN THE FALKLANDS

Although we do not have complete records of Old Boys who served in the Falklands Campaign, we certainly know of the following:

Capt. P.J.G. Roberts DSO, RFA
(left King's in 1956)
Lt. Comdr. P.R. Engeham RN
(left King's in 1968)
Lt. Comdr. G.N. Tolley RN
(left King's in 1969)

We apologise to any Old Boy whose name we have inadvertently omitted.

Philip Roberts commanded the ill-fated SIR GALAHAD troop landing ship which was bombed at Bluff Cove (and subsequently scuttled as a War Grave). He was awarded a DSO in the Falklands Honours, and attended the dinner at 10 Downing Street given by Mrs. Thatcher on the eve of the Falklands Victory Parade in the City of London. He was the last man to leave the SIR GALAHAD, when he lost all his kit – including both OKC ties! These have since been replaced.

Paul Engeham served in HMS GLAMORGAN in the South Atlantic as Advanced Warfare Officer (Communications). They played a leading role in planning, command and control, and also in naval bombardments. The ship was later hit by an Exocet missile. As Philip Roberts laconically commented: "Oh, they got one in the hangers". Since his return from the South Atlantic, Paul spends a lot of his time in South Wales as his ship's Liaison Officer.

Graham Tolley was serving in HMS SHEFFIELD when it was hit by an Exocet missile whilst operating off the Falklands. Graham was 35 feet from the point of impact! He had intended to get married last April on his return from the Med, but his ship was diverted to the South Atlantic instead. Graham and Carol are now happily married, and he has joined HMS BERWICK, which he had served in previously. HMS SHEFFIELD was hit on Carol's birthday which increased her worries after the wedding postponement.

N.M. ZIEGEL (1976) started in October as Senior House Officer in Oral Surgery at Hope Hospital, Salford, and expects to remain there for a year.

BOOKS AND MUSIC

R.C. MASON (1931), has had another cricket book published. This time he deals with the "bodyline" tour of Australia in 1932-33, on the 50th anniversary of that event, in "Ashes in the Mouth", Hambledon Press, £7.95. Ronald reminds us that, despite the ill-feeling and recriminations, the tour was not all assault and battery, but that jolly good cricket was being played by some of the games finest players – on both sides. The book has been warmly received, both in the national press – the [illegible]ly Telegraph devoted the main article on its [illegible]er page to it – but also in the cricket journals.

J.M. LENNOX COOK (1942), in his latest book has given us a novel of romance, danger and mystery, set in the heady atmosphere of Taormina. It is called "Under Etna" and is published by Michael Joseph at £7.95.

G.V. OTTEWELL (1955), now in the United States at the Department of Physics, Furman University, Greenville, South Caroline, is the author of "The Astronomical Companion", and compiler of "The Astronomical Calendar", annual since 1974, and "View from the Earth", annual since 1979.

Dr. P. HENDERSON (1959), who is Head of the Rock and Mineral Chemistry Section of the Natural History Museum at South Kensington, had his book on "Inorganic Geochemistry" published by the Pergamon Press in 1982.

J.C. BURR (1940), has compiled in "Winter Warm – Summer Cool", the connoisseurs' guide to cups and punches. There are about fifty of each, ranging (loyally) from King's Cup, "aromatic and warming", to Pope's Posset and Bishop's Nightcap. Each item is illustrated by Jane Brockman, and production is by the author's own publishing company, Campaigners of Farnham. Copies may be had from the Club for £2.95.

Robin HOLLOWAY (1961), had his Second Concerto for Orchestra performed at the 1982 Proms. where it took its place between works by Richard Strauss and Brahms. The concerto was commissioned by Musica Nova three years ago, and the Daily Telegraph music critic considered that the B.B.C. Symphony Orchestra had done a great service in bringing the work to London. He described it as "one of the most substantial, inclusive, ambitious and impassioned orchestral scores of recent years".

OBITUARIES

Kenneth MACONOCHIE was at King's from 1920 till 1929, showing great promise, which was fulfilled in his career after some difficult years in the 'thirties.

Just before the War he worked at Radio Normandy in Fecamp as a disc-jockey with Roy PLOMLEY (1930). He then moved to the B.B.C. in Birmingham.

He spent much of the War in R.A.F. Intelligence in Moscow, doing the "Murmansk Run" several times.

After the War he worked with the B.B.C. Overseas Service in Bush House, Aldwych. In the late 'fifties he joined the Colonial Office and was posted to Ibadan, Nigeria. In 1963 he went to Montreal for the Commonwealth Relations Office, returning to London in 1965. After his retirement he joined the Vocational Guidance Association in Upper Harley Street as a careers consultant.

His last years were clouded by the death of his wife, but he continued working till the end of his life. He was a most attractive character, and we offer our sincerest sympathy to his son and daughter. DGD

E.R. SCOTT, came to King's at the age of 22 and in his twelve years with us was Classics master, Senior English master, choirmaster and Rugby referee. In the early 'thirties he visited the United States, which was a much more distant place than it is today, and on his return gave a memorable talk in the Great Hall on life in the States. In 1934 he returned to America and became English master at Phillips' Exeter Academy in New Hampshire, a school founded in 1780, where he remained until 1967. He took American citizenship and in the Second World War served in the U.S. Army, having served in the British Army in the First. In a letter in 1980, published in this Newsletter, he sent his regards to anyone who remembered him.

J.R. DIVER, M.A. – Headmaster of K.C.S. (1955 - 1965).

The death of John Diver was reported in November 1982. Our deepest sympathy is conveyed to Audrey, his widow, and his younger son Frank. Diver was appointed to the staff of the Junior School in 1924, straight from Trinity Hall, Cambridge. He himself acknowledged, as a complete beginner, how much he owed to his initial training by Bernard Wood-Hill the Headmaster of the Junior School at the time. Diver's main teaching subject throughout his forty years at the School was Mathematics and there must be countless Old Juniors who owe their later success in this subject to his early painstaking instruction. His standards of teaching were always of the highest and he was never prepared to accept anything below a boy's best efforts.

For many years he was the Housemaster of Tudor House and Head of Mathematics in the Junior School. On the retirement of Cecil Venner in 1955, Diver, who had been Venner's unofficial second master during most of his Headmastership, was eventually appointed by Dixon to the post of Headmaster of Junior School. Venner, who never really enjoyed the Administrative side of a Headmaster, and who had been helped by Diver in much of the day-to-day running of the School, was not an easy person to follow. Diver was able to build up the numbers of the School which had fallen in the war years and to get it comfortably settled into its new home in the Priory. Written entrance exams were required for all entrants to the Junior School. Diver saw to the administration of these, and not only the numbers of the boys in the School increased but the standard of entry was much improved.

I worked for Diver, as his second master, and can pay tribute to the efficient way he ran the School and to the respect he gained from parents, pupils and his staff during the ten years of his tenure of office. He retired in 1965 and after a brief period of teaching locally, went to live in Norfolk.

P.J. GIBBS

(Headmaster, Junior School, 1965 - 76)

George Frederick SMART died within a few days of his 83rd birthday. He had a distinguished career for 32 years as Head of the Classical side at King's. In his time he was also Head of Wimbledon House. Librarian, and Master in charge of Lunches. In all these posts his contribution to the School's welfare was invaluable.

An archetypal Yorkshireman, his stern, almost forbidding aspect and powerful coice, together with the high standards expected of his pupils, made an impression at first of severity, but the real George emerged as severe only towards himself. As Head of Classics he used his position to claim many difficult sets for himself, while handing the easier ones to his assistants.

An outstanding Classical scholar (Queen's College, Oxford), he laid great stress as a teacher on accuracy and thoroughness; the academic records of Oxford and Cambridge are a tribute to his teaching. But George was very much an all-rounder; an accomplished violinist and a singer with a rich bass voice, whose performance as Pooh Bah in 1950 in the Mikado (with more than a touch of self-parody) was a tremendous success.

He was inevitably known as George, sometimes as Uncle George, which gave point to the UG number-plate of the ancient car which he kept going by miracles of improvisation. This resourcefulness was also shown at a war-time farm camp, when the meat ration was stolen, and G.F.S. conjured up a joint of venison which (he was an expert cook) brought triumph out of disaster.

Though he officially retired in 1961, he was happily persuaded to carry on for four more years on a part-time basis.

In his retirement at Byfleet he was greatly handicapped by arthritis and sciatica, but was able to appear at a number of Commemoration Days and Dinners. The esteem in which he was held was strikingly shown by a large attendance of mourners on October 29th. We offer our sincere sympathy to his devoted widow and delightful family, and can assure them that we were, all of us, the better for having known him. DGD

Professor G.E.H. FOXON (1927) who died in November, graduated from Queens' College, Cambridge in 1930 and was successively Assistant in Zoology at the University of Glasgow, and Assistant Lecturer and Lecturer in Zoology at University College, Cardiff. In 1948 he was appointed Reader in Biology at the University of London; Professor of Biology in 1955, and later Emeritus Professor, and Head of the Biology Department in Guy's Hospital Medical School, in which position he served for 24 years, until retiring in 1972.

As Chairman of the British Universities' Film Council, 1959-63 and 1967-69, he promoted the use of Audio-Visual aids in lecturing. He was a Fellow of the Cambridge Philosophic Society from 1931-82; a Fellow of the Linnaean Society, and a Fellow of the Zoological Society of London.

He published a number of scientific papers, mainly dealing with the comparative study of the heart and blood systems of vertebrate animals. G.A.R. Foxon, who left K.C.S. in 1956 is his son. A Memorial Service was held in Southwark Cathedral on January 22nd.

S.J. ROSE (1930) had a distinguished career in the School, being Senior Prefect, 1929-30, a member of the 1st XV, 1928-30 and Captain, 1929-30. He was also the Leader of the School Christian Union.

On leaving School he went into Insurance, with the Sun Life Company of Canada, transferring after the War to Govetts, a firm of stockbrokers. In 1959 he was appointed Pension Fund Manager of the Distillers' Co. Ltd., and remained there until his retirement in 1975. He was the elder brother of G.W. Rose (1934) and brother-in-law of A.M. Mackie (1934).

Noel CUMBERBATCH, who died in London just before Christmas, left K.C.S. in 1914, and entered the Foreign Office in 1920. He became Commercial Secretary in Athens in 1934. He served later in Teheran and in Cairo, where from 1948 to 1954 he was Minister (Commercial). He was honoured with the C.B.E. in 1942 and the C.M.G. in 1953.

Brian BENTLEY went from the Junior School to Shrewsbury in 1927, and later to St. John's College, Cambridge. He chose teaching as a career, and taught French at Lambrook Boys Preparatory School for no less than 44 years. He died recently from a heart attack soon after retirement. His son, Nicholas, in tribute to his memory, undertook in October a sponsored walk in aid of the British Heart Foundation, visiting Cambridge and the three schools with which his father was connected. At King's he was entertained to lunch by the Headmaster and some of the staff, and the local paper showed the Headmaster "sending him off refreshed on the next stage of his journey".

Henry Ernest HOLT, who left in 1923, went straight into Lloyds Bank, where he spent his

whole career. On retirement he was manager of the Cricklewood Broadway branch.

George DANN (1939), whose death was briefly recorded in our last issue, came to Glencairn as a boarder in 1935 from Newcastle-upon-Tyne, where his father, Charles Dann's brother, was H.M. Inspector of Schools. He was rather reserved but had a wry sense of humour. He served in the Second World War, but we have no details of his sunsequent career.

Dr. Michael Ambrose CARDEW whose death was announced as we were going to press, was a Master Potter of distinction. His home was at Wenford Bridge Pottery in Cornwall. He had been awarded the C.B.E. Among his works was an illustrated collection of essays, of which the Club hopes to acquire a copy.

Reginals PALMER left school in 1920 and went straight into an apprenticeship with the Post Office Telephones, which he made his career. In 1952 he went to Scandinavia to study the maintenance of telephone exchanges, and the following year to the United States to study their productivity; his comprehensive reports on these visits occupied four volumes. He was later in charge of the Post Office Training School at Stone in Staffordshire.

He retired early and went to live in Colchester, where he was a useful member of the Samaritans, and taught the boys at his sister-in-laws preparatory school in Maldon. His wife died suddenly in 1979 and he married again the same year, but himself died from a heart attack last year. We offer our sympathy to his widow and children.

Richard TOWERS was at King's from 1919 to 1926 and was a member of the 1st XV 1925-6. On leaving school he trained as an Electrical Engineer, serving his apprenticeship with J. Lyons & Co. and attending evening classes to obtain his technical qualifications. He became a member of the Institution of Electrical Engineers and worked with a firm in Bedford, named Igranic. Just before the outbreak of war be moved to the Rheostatic Co. in Slough and in time became their Sales Director. This has ramifications all over the world, so he travelled a great deal on business, which he much enjoyed. He retired in 1973 and went to live at Beaminster in Dorset, where his main hobbies were fishing and photography. He left a widow and two children, to whom we offer our sincere sympathy.

Leslie COWHAM was at King's from 1919 till 1926 and was a member of the 1st XV 1925-6. He started his career as an Insurance Broker, but quickly moved out of that field into Correspondence Education. He served with Cleaver-Hume Ltd. for 40 years until his retirement nine years ago, having in that time attained a seat on the Board of Directors.

He is probably best remembered in Wimbledon and its neighbourhood for his work for the amateur theatre, which was his life-long hobby. He became the London Councillor for the National Operatic and Dramatic Association, working tirelessly to help and improve the status of amateur societies in London and the provinces.

The Rev. E.J.H. NASH, who died last year at the age of 83, will be remembered by many who were at school in the 'twenties and 'thirties. Universally known as "Bash", he was at the time curate of Emanuel Church in the Ridgeway, and meetings of the School Christian Union took place at the lodgings in Raymond Road. After leaving Wimbledon, he became chaplain for a time at Wellington College, but the greater part of his ministry was devoted to youth work for the Scripture Union. An article in the "Church Times" said, on his death, that "for over forty years he exercised a unique ministry among schoolboys and students.

A noteable K.C.S. Quartette

Hugh POWELL-EVANS (1925), whose death was briefly reported in the last Newsletter, was the second of the four sons of Dr. D.R. Powell-Evans, physician and surgeon in the old style and a leader of the large Welsh community in Wimbledon in the early 1900s. His four sons formed a remarkable quartette at an Old Boys dinner some years ago, their first such re-union after years of service to the Country and the community. DR. JOHN (1921), formerly in the family practice and skilled in children's ailments, one time Wimbledon Council[illegible] now lives in retirement in the depths of Wales. Like his brothers after him, he was a keen rugger player, a bustling rather than a skilful forward. HUGH, a short, sturdy and very fast wing three-quarter, won an Exhibition to Cambridge, taught at Berkhamsted, finishing as Second Master. Brother OWEN (1926), a strong centre three-quarter, forsook medicine at K.C.L. for the Church, later becoming a monk devoted to the succour of the under-priviledged among the down and outs and maladjusted boys in London's East End and in Dorset. For some years he was a vicar of a parish in New Zealand. He was honoured with the MBE for his work. VAUGHAN (1933), another centre three-quarter and contemporary of Donald Goodhew and Donald Walker, joined the Straits Settlements Police, in due course to be taken prisoner by the Japanese. Repatriated to the UK, a wraith from deprivation and successive illnesses, he recovered slowly but succumbed to an early death.

Their father was a great character in Wimbledon life. Cars were few in those days and he proudly drove round in an early AC, with a large petrol tank between him and the 'dickey seat' into which the boys would cram. They were noticeable also in their regular pew in the southern aisle at Christ Church each Sunday and in the stately parade which followed the Service in those less hurried days. Whatever their stature, all the family walked taller than the others around them. A.G.C.

Dr. Michael Ambrose CARDEW, O.B.E. left [illegible]s in 1919 after a distinguished academic career, having won the Forrest and Inglis Scholarships, a Surrey Major Scholarship and an open Scholarship in Classics to Exeter College, Oxford.

He used his University vacation visits to North Devon to learn the basic skills of pottery for W.F. Holland, a traditional slipware potter.

In 1923 he cycled to St. Ives and persuaded Bernard Leach and the Japanese Shoji Hamada to take him as their first English apprentice. Three years later he set up a rraditional pottery of his own at Winchcombe in Gloucestershire, which still continues. He himself returned to Cornwall in 1939 and set up the Wenford Bridge Pottery at St. Tudy in order to produce the higher fired wares in which he had become interested.

He went to Africa in 1942 at the invitation of the government of the Gold Coast, as Ceramist at the West African Institute of Arts at Achimoto. When this closed, he set up his own Volta Pottery at Vume-Dugame, developing a characteristic local product.

After a short return to Cornwall he went back t[illegible]est Africa, this time at the invitation of the N[illegible]rian government, as Pottery Officer in the Department of Commerce. He built and developed the Pottery Training Centre at Abuja, and stayed in Nigeria for fifteen years, until the effects of the heat and of worsening health caused him to return to Wenford Bridge for good. He did however go abroad again, to lecture in the United States and, in 1968, to spend six months in the Northern Territory of Australia introducing pottery to the aborigines. During this time he was also working on his book, "Pioneer Pottery".

Many exhibitions of Cardew's work have been held, and his pots are represented in all the major art galleries and museums in the country.

He married in 1933 and had three sons, one of whom, Seth, now runs the Wenford Bridge Pottery. He received the M.B.E. in 1964 and the C.B.E. in 1981.

SCHOOL NEWS

Much of the current School news is to be found in the welcome innovation of a separate letter from the Headmaster, President of the Club.

It merely remains, therefore, to give brief details of sporting and academic results for the autumn term.

The Oxbridge exams, as the years pass, become an increasingly unpredictable factor. Individual Colleges, especially some at Oxford, are so preoccupied with the business of social engineering that mere academic distinction, especially in the case of candidates from independent schools, ceases to be paramount in the selection of successful candidates. K.C.S., after its comparatively commonplace "A" Level results, did not have high hopes of its current Oxbridge applicants. Nonetheless, a total of seven Open Awards and thirteen places is not something that we need be ashamed of!

The rugger results showed a pleasing depth of talent at every level. It must be recalled that K.C.S., in comparison with many of their opponents, is not a vast school, and it offers a wide varietv of alternatives to the main game of the term. The 1st XV won ten of its nineteen fixtures, the 2nd XV thirteen out of fifteen, and the 3rd XV nine out of ten. The Senior Colts won eleven out of fifteen matches, the Junior Colts, eight out of fourteen, and the Under 14, eleven out of thirteen.

In the Cross-Country, the 1st VIII had an outstanding season, winning all of its six fixtures.

The Boat Club continues with its building up of fresh crews after the exodus of most of its talent recently. The 1st Four recorded the fastest time of all school crews at Reading and Putney.

The invitation to all Old Boys to attend Commemoration Day on June 11, which the Chairman warmly extends in his current letter, is enthusiastically echoed by all members of the School and of the staff.

NEWS FROM THE PAST

School News

We went mad on Mafeking Day. There was however a certain amount of method in our madness. We made an imposing column as we marched in fours through Wimbledon. We halted a dozen times to sing the National Anthem. We waved flags; we blew bugles; and one of us beat a drum. A score of us went in front on bicycles, ringing bells. We diverted the traffic. We sang patriotic songs (each

to the tune he knew best); we lost our voices, and the Head Master gave us a holiday on the ensuing Monday. R.T. Davis was great. (KCS Mag. July 1900)

Old Boys' News

Quite a number of houses in Wimbledon are being wired for the electric light in preparation for the current which is expected this month. An Old Boy, Mr. Fred Berlyn, is a member of the firm which has the work in hand. (June 1899)

The colours of the Old King's Club can be purchased of Messrs. White Brothers, 3, High Street, Wimbledon. They consist of a hat-band (red, blue and gold), price 1s 6d, and a Derby Tie – to tie in a sailor's knot – of the same colours as the hat-band, price 2s. Postage extra. (Oct. 1899)

We regret to hear that Sir W.H. Preece was severely shaken in the recent accident to the Irish Express. (Dec. 1899)
